Notice of Land Acquisition for the New Plant located in the People's Republic of Bangladesh

SAKATA INX CORP. announced today that it acquired land to build a new plant in the growing market of the People's Republic of Bangladesh to reinforce and expand its printing ink business.

1. Reason for the acquisition of land

Packaging ink for the Bangladesh market has been exported from SAKATA INX's Indian subsidiary. As shipping quantity is steadily growing and in order to respond to increasing demands of packaging ink, we acquired land through a long-term lease contract to build a new plant in the People's Republic of Bangladesh.

2. Content of the land site, etc.

- (1) Location : Meghna Industrial Economic Zone (MIEZ) (suburb of Dhaka)
- (2) Contract date : January 3, 2019
- (3) Land size : 20,241.71m²
- (4) Land acquirer: SAKATA INX (BANGLADESH) PRIVATE LIMITED (established in November 2017)

3. Future outlook

We plan to complete the plant in 2020. Details of the construction of the plant are yet to be determined. By establishing a base in Bangladesh, we aim to further enhance SAKATA INX brand and strengthen global expansion.
