The MSCI ESG Ratings evaluate a company's resilience to ESG risks and opportunities specific to its industry, comparing it to peers using a seven-level relative evaluation system that ranges from AAA (highest) to CCC (lowest).

The MSCI Japan ESG Select Leaders Index is an ESG investment index provided by MSCI (Morgan Stanley Capital International) based in the United States. The MSCI Japan ESG Select Leaders Index's parent index is the MSCI Japan IMI Index. This ESG Select Leaders Index includes Japanese companies with high ESG ratings in each industry sector.

This is one of the ESG investment indexes adopted by the Government Pension Investment Fund (GPIF), which manages public pensions. Of the ESG indices consisting of Japanese stock adopted by the GPIF, the Company also had been selected as a component of the S&P/JPX Carbon Efficient Index, FTSE Blossom Japan Index, and FTSE Blossom Japan Sector Relative Index.

To achieve its long-term strategic vision, SAKATA INX VISION 2030, the SAKATA INX Group is focused on addressing several key issues, including climate change, the reduction of environmental impact, the development of a workplace environment in which diverse talented people can thrive, and the strengthening of corporate governance and risk management. The Group will continue to contribute to fostering a sustainable society through its business activities and aim to further increase its corporate value.
